HARRISH LS

240701178

Design input forms that validate data (e.g., email, phone number) and display error messages using HTML/CSS, JavaScript

AIM:

The aim is to design input forms that validate data, such as email and phone number, and display error messages using HTML/CSS and JavaScript with Validator.js.

Step 1:

Setting Up the HTML Form Start by creating an HTML form with input fields for the email and phone number

Step 2:

Styling the Form with CSS Next, add some basic styling to make the form look nice.

Step 3:

Adding JavaScript for Validation Finally, add JavaScript to validate the input fields using Validator.js and display error messages.

FORM.HTML ;

```
<!DOCTYPE html>

OUTPUT:

The screenshot shows a web browser window with the address bar displaying 'C:/Users/MADHAN/Downloads/form.html'. The page has a light blue gradient background. In the center, there is a white rounded rectangle with a subtle shadow, titled 'Contact Form'. Below the title, it says 'Enter your details for validation'. There are two input fields: 'Email Address' with the placeholder 'Enter your email' and 'Phone Number' with the placeholder 'Enter 10-digit phone number'. Below these fields is a dark blue button with the text 'Validate & Submit'. At the bottom of the white box, it says 'HTML • CSS • JavaScript • Validator.js'.

A contact form titled "Contact Form" with the subtitle "Enter your details for validation". It features two input fields: "Email Address" containing "hhh@rajalakshmi.edu." and "Phone Number" containing "12341234". Both fields have red borders and red error messages below them: "Please enter a valid email address." and "Phone number must be at least 10 digits." respectively. A dark blue "Validate & Submit" button is at the bottom. The footer text is "HTML • CSS • JavaScript • Validator.js".

Contact Form

Enter your details for validation

Email Address

hhh@rajalakshmi.edu.

Please enter a valid email address.

Phone Number

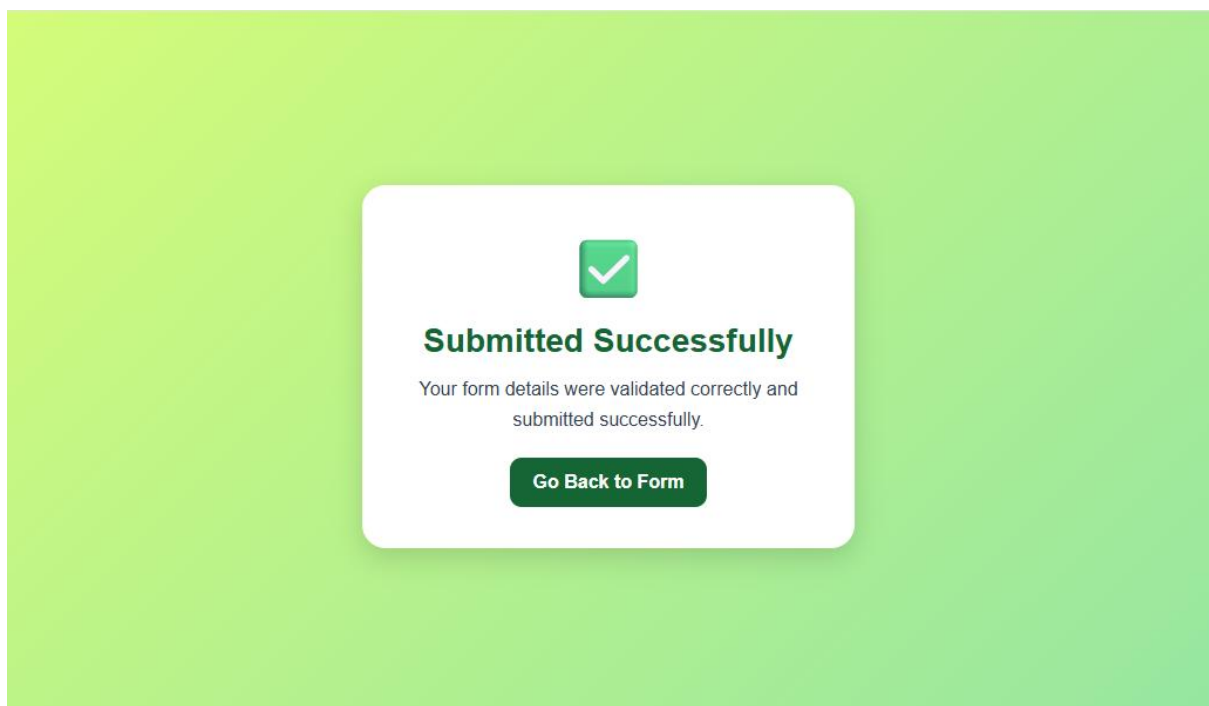

12341234

Phone number must be at least 10 digits.

Validate & Submit

HTML • CSS • JavaScript • Validator.js

When both the email and phone number are validated correctly , it is redirected to the success form.

A success message box with a green checkmark icon. The title is "Submitted Successfully" and the text says "Your form details were validated correctly and submitted successfully." A green button labeled "Go Back to Form" is at the bottom. The background is a light green gradient.

Submitted Successfully

Your form details were validated correctly and submitted successfully.

Go Back to Form
